with TOTAL ROUND CONTROL
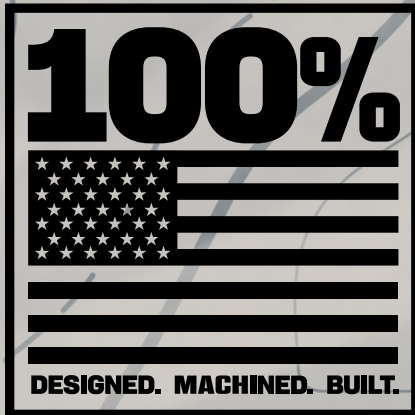

# TABLE OF CONTENTS

# ABOUT FRANKLIN ARMORY®

## OUR MISSION

Safeguarding the natural right to protect self and property is Franklin Armory's enduring mission. From the "Battle Born" State of Nevada, the firm engineers and manufactures quality firearms and accessories for sporting, defense, and law enforcement applications. Highly adept at creating innovative products for restrictive jurisdictions, the People of Franklin Armory are genuine *Facilitators of Freedom.™*

## OUR QUALITY

**100%**

**DESIGNED. MACHINED. BUILT.**

Every firearm produced at Franklin Armory is designed, machined, and assembled in America. Our true quality is much more than the parts and materials of each product; it is the dedication and craftsmanship of our employees which truly set us apart. Each rifle, pistol, and "other," that ships from our company is hand built with a Binary Firing System® or single stage, hand-tuned trigger.

# PREVAIL™
## WITH TOTAL ROUND CONTROL

### A New Action For a New Era.

At the heart of the all new Prevail™ line is the innovative Total Round Control™ (TRC) Action. Franklin Armory's TRC action is designed to control each round through the entire feeding and extraction cycle, so nothing is left to chance. No longer will you be afflicted by the Push Feed (PF) versus Controlled Round Feed (CRF) dilemma. For the first time, hunters and long-range precision shooters alike can engage critical targets with the best of both worlds, while avoiding the failures of legacy bolt action designs.

### Features:

- Patented Total Round Control Action
- Fully Adjustable Conquest™ Trigger
- Zermatt TL3/SR3 Pre-Fit Compatible
- Threaded Muzzle
- User-Interchangeable Bolt Heads
- Toolless Bolt Disassembly
- Premium Carbon Fiber Stock

- Custom V-Block Bedding
- Utilizes M5 Inlet Bottom Metal
- Integrated 20 MOA Picatinny Rail
- Blueprinted Action
- Lifetime Limited Warranty
- Sub-MOA Accuracy Guarantee

*Zermatt, TL3, and SR3 are common law trademarks of Zermatt Arms, Inc.*

# F22-V™ SERIES

## The Fastest, Funnest, Quietest Semiautomatic .22LRs Ever Made!

Introducing the all-new F22-V™ series. In addition to the customized receiver, enhanced firing pin, and extended magazine release of the original F22™ series, the new ultralight F22-V incorporates the incredible Vanquish 22 integrally suppressed barrels from Angstadt Arms for an incredibly quiet shooting experience. With its zero baffle design, the Vanquish 22 barrel drops the velocity of standard .22LR ammunition to subsonic levels, reduces lead build-up, and ensures easy maintenance. The F22-V is available in two configurations: Binary®-equipped (fires on pull and release) and traditional semiautomatic, featuring a factory Ruger® BX Trigger®.

## Features:
• Integrally Suppressed Barrel
• Baffle-Free Suppressor Design
• Enhanced Firing Pin
• Knurled Charging Handle
• Extended Magazine Release
• Auto Bolt Release on Binary® Models Only
• Premium furniture

# REFORMATION® SERIES

**Innovation Against Tyranny.**

Designed to be the ultimate home defense weapon, Franklin Armory's Reformation® provides excellent ballistic effectiveness in a short form-factor and ergonomically familiar AR-style package. Featuring the straight-cut land and groove design of Franklin Armory's patented NRS™ (Not a Rifle or Shotgun) barrel technology, the 7.5-inch and 11.5-inch Reformation configurations are classified as neither a rifle nor a shotgun.

**Features:**

- Exempt from National Firearms Act
- Patented NRS™ (Not a Rifle or Shotgun) Barrel
- Forged or Billet Receiver Set
- Salt Bath Nitride Bolt Carrier Group
- 7075-T Aluminum Charging Handle
- Binary® or Custom Tuned Trigger

# OSPREY DEFENSE®
# PISTON SERIES

### Self-Regulating. Adaptive Capabilities.
Quickly adapt between suppressed and unsuppressed fire with the all-new, low-profile Osprey Defense® Gas Piston System. The OPS-16 and OPS-11 both utilize a self-regulating and forward-venting piston system, which runs cleaner and cooler than traditional direct impingement rifles.

### Features:
• A4 Receiver Set Forged From 7075-T6 Aluminum
• Hard Coat Type III Anodized Black
• Proprietary Barrier Stop Handguard
• Salt Bath Nitride Bolt Carrier Group
• Marked 3 Positions for Safe, Semi, and Binary®
• Specialized Tension Screws for Better Engagement Between Upper and Lower Receivers

# RESTRICTED STATE SERIES

Franklin Armory® is home of the CA Series AR Pistols. With two different CA DOJ approved Safe Handgun Roster models to choose from, Franklin Armory offers patriots in restrictive states a clear and legal path to owning AR platform pistols.

Franklin Armory® offers state–specific models for California and other states. Almost all firearms in this catalog are configurable in a state specific configuration. Contact your Franklin Armory® sales representative for more details.

![Binary Firing System logo](BINARY FIRING SYSTEM)

# BINARY® FIRING SYSTEM.

## Binary® Is Better.

Franklin Armory® introduced its first generation Binary® trigger for the AR platform in 2015. Since then, the patented Binary Firing System® (BFS™) has advanced beyond its third generation, and trigger systems have been developed for over 10 of the most popular firearm platforms, including rifles, pistol caliber carbines, and striker fired handguns.

## Rifle & PCC Trigger Operation:

Position 1 – Safe – Will Not Fire
Position 2 – Semi – Fires 1 Round On Pull
Position 3 – Binary® – Fires 1 Round On Pull and 1 Round On Release*

*Release round can be canceled by simply moving the patented selector out of Binary® mode while holding the trigger back.

Not for civilian sale in: CA, CT, DC, DE, FL, HI, IL, MA, MD, MN, NJ, NY, OR, RI, WA.

# NFA FIREARMS

## Short Barreled Rifles (SBR)

An SBR (Short Barreled Rifle) is a category regulated by the Bureau of Alcohol, Tobacco, Firearms, and Explosives (BATFE) as a Title II weapon. In the absence of local laws prohibiting ownership, American civilians may own an SBR provided it is registered with the BATFE prior to taking possession of or creating the firearm

## Features:

• Forged or Billet Receiver Set
• Varying Barrel Lengths
• Premium Furniture
• Binary® or Custom Tuned Triggers
• Slimline M-LOK Handguards
• Marked 3 Positions for Safe, Semi, and Binary®
• Specialized Tension Screws for Better Engagement Between Upper and Lower Receivers

# INFORMATION

## DEALERS & DISTRIBUTORS

Franklin Armory® has an array of programs available to help you grow your business and increase your profit margins. Please contact one of our support professionals to find out which program works best for your company's needs.

## LAW ENFORCEMENT SALES

Franklin Armory® strives to offer the best value for both individual law enforcement officer purchases and agency duty weapons. Our program allows for customizable agency builds to suit your department's needs and budget. Our representatives will work directly with your agency to coordinate and often times, we are able to offer buyback of existing department stock in order to assist with the overall project outcome.

## EXPORT STATEMENT

Franklin Armory® participates in legal exports across the world. All items for sale herein will require US State Department or US Department of Commerce approval.

## WARRANTY

Franklin Armory® will provide service for defects in materials or workmanship at no charge to the purchaser for a period of one year from the date of sale of any Franklin Armory® product. Retail customers should be sure to retain the sales receipt in order to demonstrate the proof of purchase date.
